Scheduled Tasks

The application runs several scheduled tasks defined in `schedulers/scheduledTask.js`:

1. Update Invoice Status

Schedule: Every 5 minutes **Purpose**: Check and update expired payment invoices

```
scheduledTask.updateInvoiceStatus();
```

2. Clear Temp Folder

Schedule: Daily at 2 AM **Purpose**: Clean up temporary files (uploads, reviews, PDFs)

```
scheduledTask.clearTempFolder();
```

3. Clear Idle Transactions

Schedule: Every 30 minutes **Purpose**: Clean up abandoned PostgreSQL transactions

```
scheduledTask.clearIdleInTransaction();
```

4. Auto Commission for Affiliates

Schedule: Daily at 3 AM **Purpose**: Process pending affiliate commissions

```
scheduledTask.autoCommissionAffiliate();
```

5. Daily Liquidation

Schedule: Daily at 1 AM **Purpose**: Settle vendor balances and payouts

```
scheduledTask.dailyLiquidation();
```
